Attend Cloverport's Big Barbecue!

Cloverport, Thursday, August 12, 1915

The Town That Put The "Cue" In Barbecue

ONE BIG DAY FOR ALL!

EXPECTING BIG CROWDS AT OUR COUNTY FAIR

THE SHOW PATH

Banner Attraction on "The Show Path"—Greatest Entertainment Ever Given.

Lined up on both sides of "The Show Path" at the Breckenridge County Fair will be the best vaudeville attractions and the greatest entertainments ever given at a county fair.

Several feature shows that no doubt, create amazing interest are secured for "The Show Path." The usual ice cream parlors, Coca-Cola fountains and lemonade stands will furnish opportunity to return treats and favors. "The Show Path" will be popularized by people who like amusements and a good lively, social time.

John Akers is in charge of the agricultural department of the Fair. The races, the wonderful exhibition of poultry and the show of livestock will be no rivals to the extensive displays of agriculture. The agricultural show will stand supreme. The successful farmers

will have many products on display. The new roof on the grand stand will be completed by Saturday night.

Miss Betty Taylor has charge of Floral Hall and is enthusiastically arranging a magnificent display of the accomplishments of Breckenridge county women. To see the useful products of finger-work and mentality combined will be the best part of the Fair to home-makers. Among the popular entries this year will be bed spreads, rugs, baskets and hand-made lingerie. Floral Hall will be beautifully decorated for the display of the arts of the Breckenridge county women and girls. Send the best piece of handicraft you have and do not wait too late to enter articles for exhibition. The culinary department will also be featured particularly with the best pickles, preserves and delicious cakes and breads.

NEW CONTRACTS

For Cloverport Boat And Machine Company—Mr. Pate Lands Two Big Orders For \$4000 Worth of Work.

Win. Pate, Manager of the Cloverport Boat and Machine Co., has landed \$4000 worth of work for the foundry, including the building of a boat and five barges.

Mr. Pate closed the deal at Evansville a few days ago to build a \$200 freight and passenger boat for E. W. Winister,

MANY GUESTS EXPECTED TOMORROW IN CLOVERPORT TO ATTEND BARBECUE

Preparations Made For Big Crowd—Many Contests Will Add Interest to the Picnic—Fine Dinner Planned.

600 fried chickens, barbecued meats, potatoes, 600 pies, 150 home-made cakes, besides country ham and hot coffee, will make-up the menu for the twenty-five cent dinners that will be bought by hundreds at the St. Rose barbecue tomorrow. Plans for the en-

tire day are perfected. Amusement and music arranged and invitations accepted by many out-of-town people.

The grounds are beautiful and auto service will be on from early morning until late in the afternoon.

A dance will be given that night in honor of the barbecue visitors.

"Who will be the Movie Queen?" is and the leading contestants.

Everybody is excited over the contest and go to Oelze's show window every night to see the results of the day's votes. It is said one young lady has a thousand votes already to put up any day. The people like the contest as its plan is not annoying and the people are not called on to spend money they do not want to, as votes are given with groceries, dry goods and other necessities. Those in the contest are as follows:

Rosa Sippel.....4508

Edna McCracken.....4133

Lucille Berry.....4042

Anna M. Penner.....3408

Mabel McCracken.....2987

WHO WILL BE THE MOVIE QUEEN?

CONTEST LIVELY IN CLOVERPORT

Most Popular Young Girl in Town Will Be Pictured On the Screens—Contest Closes September 6th—Cloverport in Motion Pictures Soon.

Walter B. Oelze, of Hazard, and formerly of Cloverport, has the contest in charge. He will take 1,000 feet of film which will show Cloverport, Tar Springs and points of interest here. Many pictures of the "Movie Queen"

John D. Babbage, Mr. Behen, Allen Pierce, Miss Louise Babbage, Mrs. Frank, Miss Plank, Miss Severs and Mr. Smith were delightfully entertained by Mr. and Mrs. W. B. Taul. During the day they had the pleasure of meeting a number of the prominent families of Pisgah. The Cloverport people certainly enjoyed the day, the beautiful country and knowing the splendid people.

Some Potatoes.

Mr. Jesse Weatherholt, of this city, planted a bushel of potatoes this spring. After being dug, they were found to yield an increase of forty bushels.

Mrs. Fontaine Sings.

Mr. and Mrs. Virgil Fontaine and two children, of Louisville, are guests of Mr. and Mrs. Frank White. Mrs. Fontaine sang at the Methodist church Sunday night. She has a beautiful voice.

If your capital is limited you can make more money on ten acres than you can on one hundred acres. When you spread the labor and capital that is only sufficient to farm ten acres over a farm of seventy-five or a hundred acres you only succeed in wearing out yourself and your farm.

The "Ten Acre Farm" system will produce 100 bushels of corn or 200 pounds of tobacco per acre, and increase the fertility of your land each year.

Home-Coming Day, August 18, Breckinridge County Fair

The management of the Breckinridge County Fair Association has designated Wednesday, August 18th, as "Home Coming Day" and the idea is being taken up generally and it is confidently expected that the association's beautiful grounds will be the meeting place of thousands of friends and relatives. This will be the biggest day of the Fair and the largest crowd since the Centennial will assemble. The Entertainment Committee, appointed for this day, will spare nothing that will contribute to the comfort and pleasure of the 15,000 or 20,000 visitors expected to attend. The true spirit of welcome should flow from every local heart, and this day should be set aside to friendly greeting and the interchange of valuable ideas for mutual advancement and welfare.

"School Day," Wednesday, August 18th

August 18th, is also "School Day." All children, under twelve years of age, will be admitted free, and the school with the greatest percent of the census enrollment of their respective districts will be awarded a prize of Ten (10.00) Dollars same to be used for the benefit of District Library. The winning school will also be presented with a banner. At the appointed hour, all the schools will meet near the South end of the Grand Stand, form into a parade and be reviewed by those in attendance at the Fair, after which the prize will be awarded. All graded schools are excluded from competing for the prize, but will be invited to be present and participate in the march.

Feast For the Home-Comers

Our county is famed for its magnificent lunches spread at our beautiful Fair grounds by our generous and hospitable women. What could be more pleasant and inspiring than to hear a good band, witness many high-class show rings, greet your friends and neighbors, hear some good speeches and finally observe the school children of your county, the men and women of tomorrow, in their efforts to capture the prize. This program will make a good day for everybody. You can and must help. Let's join hands and welcome those who come home, and have exhibits at the Fair will be a credit to our fast improving agricultural community.

Candidates for Governor

Are Invited to Speak At the Noon Hour

STANLEY IS NAMED IN STATE PRIMARY

Defeats McChesney and McDermott by Decisive Vote.

PROHIBITION THE ISSUE

Stanley Sweeps the State from One End to the Other and Plurality May be 40,000—Race for Lieutenant Governor Close Between Edwards and Black.

THOSE NOMINATED.

Governor—
A. O. STANLEY.
Lieut. Governor—
JAMES D. BLACK (doubtful).
Secretary of State—
CHAS. W. MILLIKEN (doubtful).
Attorney General—
M. M. LOGAN.

Frankfort, Ky., August 9.—Kentucky Democrats in the state primary Saturday showed conclusively that they are not ready yet to nominate a man for Governor who is committed to Statewide Prohibition.

Former Congressman A. O. Stanley, of Henderson, who is an avowed con-

• by American Press Association.

A. O. STANLEY

ty unit law advocate, was nominated over Harry V. McChesney, of Frankfort, and Lieut. Governor Edward J. McDermott, of Louisville.

Mr. McChesney made it plain to the voters throughout a strenuous campaign that he stood for Statewide Prohibition. His vote was largely confined to the rural districts, and, while one hundred and six counties out of one hundred and twenty are dry under the county unit law, he failed to carry many of them.

Edward J. McDermott was non-committal as to his convictions, but it was generally supposed that he stood for the county unit law as against statewide prohibition. He carried only his home city of Louisville, falling down in Jefferson County outside of the city, carrying only one precinct. He ran a poor third throughout the state.

Stanley's victory was overwhelming, sweeping the state from one end to the other. Since his defeat for the United States Senatorship in the fall of 1914, he has been stumping the state, and it is said that he made more stump speeches than any other candidate in the race.

Stanley was given national prominence when as a member of Congress he was appointed Chairman of the Steel Trust Investigation Committee, and through this rigid work which he carried on for two years attracted much notoriety through the magazines and newspapers. He was elected to six consecutive terms in Congress by the Second District and served until March of this year, when his term expired.

MANAGED BY HAGER.

The Stanley campaign was managed by Judge S. W. Hager, of Owensboro, prominent politician, and who was defeated for Governor on the Democratic ticket in 1907.

VOTE BY DISTRICT.

Some counties in the mountain section and also remote precincts of other counties are missing.

FIRST DISTRICT—Stanley, 10,212; McChesney, 9,288; McDermott, 987.

SECOND DISTRICT—Stanley, 13,609; McChesney, 6,220; McDermott, 1,518.

THIRD DISTRICT—Stanley, 8,507; McChesney 4,359; McDermott, 455.

FOURTH DISTRICT—Stanley, 7,

456; McChesney, 5,594; McDermott, 1,915.

FIFTH DISTRICT—Stanley, 7,551; McChesney, 1,800; McDermott, 10,098.

SIXTH DISTRICT—Stanley, 10,474; McChesney, 3,090; McDermott, 3,717.

SEVENTH DISTRICT—Stanley, 11,493; McChesney, 7,397; McDermott, 2,993.

EIGHTH DISTRICT—Stanley, 7,927; McChesney, 6,154; McDermott, 858.

NINTH DISTRICT—Stanley, 6,634; McChesney, 5,477; McDermott, 619.

TENTH DISTRICT—Stanley, 1,078; McChesney, 453; McDermott, 412.

ELEVENTH DISTRICT—Stanley, 2,013; McChesney, 1,177; McDermott, 444.

CARRIES ALL BUT FIFTH.

Stanley carried every district in the state by a substantial majority except the Fifth District, the home of Lieut. Governor Edward J. McDermott, and even here he ran a close second. There have been few instances in Kentucky politics where a candidate has so completely swept the state.

CLOSE FOR LIEUT. GOVERNOR.

The race for Lieutenant Governor is close between James D. Black and James P. Edwards, with a slight advantage in favor of Black. It will take an official count to determine this race. Edwards was a running mate of Stanley and stands for the county unit.

Black has openly favored Statewide Prohibition, and if his election is certain it may mean that the dry question will be in abeyance again. Two years ago a statewide bill passed the House and failed in the Senate. Should the Barboursville man preside over the Senate it would give statewide a big advantage, even though the Governor may stand for the county unit.

CLOSE FOR SECRETARY.

The race for Secretary of State is between Barksdale Hamlett, present Superintendent of Public Instruction, and Charles W. Milliken, of Louisville. It appears that Milliken has won the race, but may take the official vote to decide.

DEMOCRATIC PLATFORM CONVENTION.

The Democratic platform convention will be the next scene in Kentucky's continuous performance political show for the purpose of promulgating a platform to put under the Democratic candidates named Saturday to try conclusions with the Republican and Progressive nominees at the regular election on Tuesday, November 2.

With A. O. Stanley, the Democratic nominee, and pledged to the county unit law and against statewide prohibition. It is practically certain that the county unit sentiment will pervade the convention, and, with the views of President Woodrow Wilson and Senator Ollie M. James, which are in keeping with the view of the Kentucky Democracy as expressed in the convention of 1911, will be written into the platform of this year.

Within the next week or ten days State Democratic Chairman Vansant will call the state committee together and fix the time and place for the assemblage of the delegates and to determine the date and manner for the selection of the delegates.

FIRST PRIMARY ELECTION.

This was the first campaign for nomination for state offices under the primary election law adopted by the General Assembly in 1912.

Louisville, Ky., August 9.—It is said that the Progressives propose to inject a statewide prohibition platform into their party for the general election on Tuesday, November 2.

Little interest was manifested in their primary Saturday, only a few votes being cast in each county.

ONE KILLED AT HICKMAN.

Hickman, Ky., August 9.—Hert Wallace is dead, Walter Allison is believed to be mortally wounded, while Sam Cleaves, who is just old enough to vote, is shot through the mouth as result of a quarrel over politics at one of the precincts Saturday during the primary election.

ONE DEAD IN PULASKI.

Somerset, Ky., August 9.—Frank Summers, a farmer, is dead as result of an election quarrel. Trouble occurred at the political speaking at Bourbon by J. H. Taylor, a lawyer. Taylor gave himself up and is in jail.

SERIOUSLY WOUNDED.

Richmond, Ky., August 9.—A heated argument over politics resulted in a fight here Saturday in which Geo. Phelps, Jr., was cut several times with a knife and is in a serious condition.

MORROW WINS IN GOVERNOR'S RACE

Nominated By Heavy Majority Over McLaughlin

LIGHT VOTE IN PRIMARY

First Time Republicans Have Ever Nominated by Direct Primary—Platform Stands for County Unit as Against Statewide Prohibition—General Election in November.

THOSE NOMINATED.

Governor—
EDWIN P. MORROW.
Lieut. Governor—
LEWIS L. WALKER.
Secretary of State—
JAMES P. LEWIS.
Attorney General—
T. B. MCGREGOR.
State Auditor—
ED. A. WEBER.
Clerk of Court of Appeals—
EARL HUNTSMAN (in doubt).
Supt. Public Instruction—
R. P. GREEN.
Comm. of Agriculture—
WILLIAM C. HANNA.

Frankfort, Ky., August 9.—Edwin P. Morrow, of Somerset, was chosen the Republican standard-bearer by an overwhelming majority over his opponent, Matt F. McLaughlin, of Madisonville, whose vote was negligible. There was little opposition to the

EDWIN P. MORROW

Republicans who were decided upon at the Lexington convention held two months ago.

Lack of opposition failed to stimulate interest among the Republicans in many sections of the state, some counties casting only a few votes.

PLATFORM BEFORE NOMINATION.

The Republicans at their Lexington convention decided upon a platform which stands for the county unit as against statewide prohibition.

Agreed with the attitude of the Democrats on this matter, there will be little division in the parties, with the exception of the Progressive vote, the leaders of whom claim they will draw from both parties.

KENTON STRONG.

Kenton County gave Morrow the biggest vote of any county in the state at the Saturday primary.

FIRST PRIMARY.

This is the first primary in which the Republicans have ever participated. Formerly and before the recent enactment of the General Assembly of Kentucky all nominees were selected by the old-time conventions.

HARD BATTLE FOR NOVEMBER.

Headed by State Chairman Ed Franks, of Owensboro, the Republicans have laid plans for a strenuous fight at the November election.

While the state is normally Democratic, the Republicans expect similar reoccurrence of 1907, when Willson, Republican, was elected Governor and Bradley to the United States Senate.

TWO MEN KILLED AT JACKSON.

Jackson, Ky., August 9.—The old feud spirit over political campaigns was revived in Breathitt County at the primary Saturday and Grover Cleveland Blanton and Martin Clemens are dead. Elihu Allen is wounded. The trouble arose at a precinct named in honor of the Clemens family. Trouble came up over the race for local judgeship.

Scrawny Calves.

What makes a calf scrawny—off its feed? Germs—parasites—in the intestines. Why not free them of this trouble? If you will give the calf some B. A. Thomas Stock Remedy in its feed, within a week you will see it brighten up and in four or five weeks you won't know the calf. Costs you but a few cents and we will refund that if it doesn't do as we say. For sale at Wedding's Drug Store, Cloverport, Ky.

KAISER'S TRAIN PAINTED OFTEN

Different Colors Used to Deceive Aeroplanes of Enemies.

HIS SAFETY IS GUARANTEED

Large Number of Secret Police Keep Emperor Under Close Scrutiny—His Presence at the Front an Aid to the Commanding Generals, and His Advice Is Always Sought.

Paul Schmeder, who claims to be one of those very few and highly favored correspondents who have lived at the Kaiser's headquarters since the beginning of the war, has just written a large volume in which he tells the German public all about the life the supreme war lord leads at the front. The theory that the Kaiser's presence at the front disturbs his generals is scornfully rejected, the writer maintaining, on the contrary, that the imperial advice is frequently sought and generally acted on by them.

The Kaiser's special train, in which he makes his famous and frequent dashes from one front to the other, consists, according to Herr Schmeder, of ten carriages constructed on modern lines; comfortable, certainly, but not luxurios. At the beginning of the war this special train was painted a whitish blue color, so that troops and civilians were always able to recognize and cheer the emperor as he passed, but fear that hostile aviators might find the task of dropping bombs thereon made easier for them if they became aware of that fact has resulted in periodical repainting of the train in various colors.

Safety of Kaiser Guaranteed.

"The necessity for this precaution," adds Herr Schmeder, "will be obvious when I mention that a train purposely made to resemble in color and form that of the Kaiser's was promptly bombed by a French aviator shortly after leaving the Frankfort railway station."

The safety of the emperor in the field is guaranteed, he says, by his personal adjutants and by a large number of secret police, known as secret field police, specially selected for their duties from all parts of Germany. These men keep the Kaiser under the closest observation, both in the field and at the headquarters of the general staff, to make sure that no spies are watching his movements and that no dynamiters are prowling in the neighborhood.

"To all appearances," the writer adds, "there seems to be no special precautions taken for guarding the Kaiser, but, as a matter of fact, invisible eyes watch him, and day and night there is an absolutely impenetrable barrier between him and the outside world. Naturally, in the field and at headquarters the emperor's movements are unhampered by his guards, and one frequently sees him talking serenely and smilingly to the children he encounters. At a headquarters recently established across the frontier in France the emperor won the hearts of the inhabitants by coming out of his room for a few minutes after his arrival in order to talk to the excited children who had gathered in front of the house."

UNITED STATES HAS SECRET FORMULA FOR DEADLY SHELL

Being Manufactured In Government Arsenals and Kept a Secret.

What is described as "the deadliest shell" yet invented is said to have been developed by ordnance experts of the United States army. It is designed to meet conditions which have arisen in the European war by the destruction of hostile trenches and gun shelters.

"The general staff of the army," a high ranking officer is quoted as saying, "is thoroughly conversant with developments in military science as shown by the work of the various armies in the European war. Our observers abroad have been particularly observant of the effects of various explosives. Knowing the intensity of the explosives used abroad, particularly the melinite shells of the Germans, they are in a position to make comparisons with the explosive which the ordnance experts of the United States army recently have perfected."

"Of course the formula is a secret, which it will be unnecessary to disclose before an actual emergency causes it to be turned over to private manufacturers to be used for the army. At present the explosive is being manufactured only in the United States arsenals, where the formula is most carefully guarded."

"The trench warfare abroad is a development of that form of operations which was wholly unknown for. In no previous war have intrenchments played so important a part or been so elaborately constructed. More than anything else this has called for the use of a high explosive shell, a shell that not only will destroy any unprotected force, but will destroy a protection. Shrapnel will not do this, but the high explosive shell demolishes trenches and everything they contain."

THE PRIMARY ELECTION IN BRECKENRIDGE

Passes Off Quietly. Not Everybody Pleased, But a Square And Honest Election. Stanley Gets 115 Votes Over McChesney

CANDIDATES INTERESTING

The Primary election passed off very quietly in this county last Saturday. It is said that it was one of the fairest primaries ever held in this country. The result, of course, did not please everybody. The defeated candidates and workers are taking defeat logically, and submitting like all good citizens to the will of the majority:

A. O. Stanley won over McChesney by 115 votes. Bosworth got 16 votes and McDermott 26. Judge Black carried the county over Edwards by 26 votes for Lieutenant Governor.

For Secretary of State Hamlett's majority over Likens was 68.

For Auditor Rhea's majority over Green was 54.

For Treasurer Goodpaster's over Terrell 12.

For Clerk Court of Appeals Steger over Keenon 120.

For Superintendent of Schools Gilbert over Embanks, 200.

For Commissioner of Agriculture Cohen over Froman, 367. Cohen polled the largest vote 683. Cohen next with 631.

Republican Primary All interest in this Primary centered in the local candidates.

For Representative, Hickerson's vote was 202, Wright 320, Cannon 480.

For Circuit Court Clerk, Basham 626, Payne 378, Tucker, 243.

WORKERS OF AMERICA GROWING MORE THRIFTY.

Savings Show a Marked Increase Despite Period of Slack Times.

The building and loan associations of the United States increased their assets a little more than \$100,000,000 in 1914, marking a growth of 8.73 per cent over the previous year, according to the annual report of H. F. Cellarius of Cincinnati, secretary of the United States League of Local Building and Loan Associations, made in San Francisco at the twenty-third annual meeting.

Secretary Cellarius continued:

"Considering the fact that this period included nearly six months of the great war in Europe, during which time there also existed in this country an industrial depression more or less severe, this showing speaks volumes for the thrift and saving habits of the wage earning classes of our citizens, who are the chief patrons of these institutions."

"The hard times apparently have stimulated an enforced economy, have required a reduction of unnecessary expenses, which in times of great prosperity are usually on the increase, and have brought home to the people the necessity of conserving their resources."

"As a result they are saving as much or more in proportion than they did during more prosperous periods."

"There are in the United States 6,012 building and loan associations, with a membership of 3,103,435 and assets aggregating \$1,357,340,026. This is an increase over last year of 183 associations, 207,002 members and \$108,800,807 in assets. The average amount due each member is \$437.36, as against \$440.10, the amount shown last year."

THE UNIVERSE.

Our Own Stellar System and What May Be Beyond It.

In one of the latest conceptions of astronomers the stellar universe has a diameter of 10,000 to 15,000 light years, with a thickness of 2,000 to 3,000, and our sun has a place a little removed from the center. It embraces 30,000,000 to 50,000,000 stars within the range of telescopic visibility, with dark and invisible bodies whose number cannot be computed.

So far as can be determined the stars are surprisingly uniform in mass, the range of variation being not more than fiftyfold, but in density the range is from more than twice that of the sun to only one-millionth and in absolute luminosity or brightness from 3,000 times that of the sun to about one three-thousandth. The temperature rises from near absolute zero in the nebulae to 20,000 degrees C. in certain giant hot stars.

It is suggested that our universe may not be the only one and that the small Magellanic cloud, for instance, perhaps 30,000 light years distant, may be a relatively small universe of about 1,000 light years in diameter.

Another separate star system at similar distance is possibly, astronomers hold, the Andromeda nebula.—Newark News.

FARMER BOYS' ENCAMPMENT

Proud Sons of a Proud State to Occupy Tented City on Kentucky State Fair Grounds

FARM BOYS IN CAMP.

THIS Farm Boys' Encampment, one of the most important as well as picturesque features of the Kentucky State Fair, annually brings to this agricultural and live stock celebration a juvenile representative from the 120 counties of the state.

To the boy standing sponsor for his home section the trip is an epoch and the honor much coveted and striven for. Heretofore the eligible boys were selected from farm boys between the ages of fifteen and eighteen years and through written competitive examinations submitted to a committee composed of a member of the State Board of Agriculture and of the faculty of the Agricultural College.

This year a new ruling requires that the boy competing for the trip and consequent honors and pleasures must be a member of either the Boys' Corn Club or the Boys' Pig Club of his county and must each grow one acre of corn or raise one pig as a minimum effort and must keep a daily record of the cost and other data. Boys eligible to this contest must be between the ages of ten and eighteen years, and no boy having attended an encampment in prior years will be considered.

No county will be permitted to enter this contest with less than fifteen mem-

bers, and where the question of substitution arises the board will consider first the pig club boys in the counties that have corn clubs organized. Where there are no corn clubs or pig clubs organized the board reserves the right to appoint substitutes from other counties.

B. G. Nelson of Hopkinsville, Ky., is state agent for the Boys' Corn Clubs, and Otis Kercher of Lexington, Ky., is state agent for the Boys' Pig Clubs, and boys desiring to enter either of both of these clubs should immediately notify the respective agents at the above addresses, and upon receipt of their names all necessary instructions and rulings will be forwarded them.

The purpose of the Farm Boys' Encampment at the State Fair is to extend the educational advantages of the Fair through the farming districts of the entire state, and the results growing from the three former encampments have been highly encouraging. During the week of their stay here the boys are guests of the Fair and in their "tent city" on the grounds are provided with every comfort as well as entertained by the wonders of the celebration. The judging contests to which they are eligible are of unequalled educational advantage, and the delegates are also taken on sightseeing excursions to the manufacturers and show places of the city of Louisville.

THE WOMAN'S SHOP

Unique Market For Feminine Wares at the Kentucky State Fair, Sept. 13-18

ALTHOUGH the feminist movement is daily and more and more universally demonstrating the fact that women are qualified to engage in any pursuit, calling or occupation heretofore individual to man, it is not to be inferred that the arts, handicrafts and handiworks heretofore associated solely with the gentler sex are to be neglected. Rather are they to be fostered in accordance with the views of representative women of the state, and in furtherance of this design a Woman's Shop has been instituted as a feature of the plans for the Kentucky State Fair, to be held in Louisville Sept. 13-18.

This shop will be located in the Woman's building on the Fair grounds, but will not be auxiliary to the competitive exhibitions of the Women's Department. Rather, the shop is designed as a salesroom or "clearing house" for every variety of useful and beautiful article made by womankind, and such products as embroideries, bedspreads, rugs, table covers, pottery, jewelry, lamp shades, household or garden furniture, baskets, draperies, etc., may be entered free of charge in this shop and ticketed at the owner's valuation for a possible sale which will be without any commission charge to Fair management or members in charge.

Articles entered for sale in the Woman's Shop are not eligible for competition in the catalogued classes. Articles must be sent at the owner's risk and will be carefully cared for and returned if unsold at the close of Fair week.

The idea of the Woman's Shop is new and individual to the Kentucky State Fair. It was conceived by Commissioner of Agriculture John W. Newman and enthusiastically endorsed by the committee in charge, of which Mrs. S. Thurston Ballard is chairman and the following ladies are members: Mrs. J. A. Mitchell, Bowling Green; Mrs. Starling L. Marshall, Henderson; Miss Edna Doering, Louisville; Mrs. Barbara Muengerode, Louisville; Mrs. Avery Robinson, Louisville; Mrs. Leonard A. Hewett, Louisville; Mrs. Peter Lee Atherton, Louisville; Mrs. Richard Knott, Louisville; Mrs. Richard Ernst, Covington; Mrs. R. P. Hallieck, Louisville; Mrs. W. L. Mills, Owensboro; Mrs. George A. Armstrong, Shelbyville; Mrs. Anna Eernberg, Berea; Mrs. Helen Bruce, Louisville; Miss Amanda Rodes, Danville; Mrs. Harry Bishop, Louisville; Mrs. Alfred Brandeis, Louisville; Miss Mary F. Hutchcroft, Paris; Mrs. R. C. Ford, Middlesboro; Mrs. Sam Boyle, Louisville; Mrs. Paul Creel, Louisville, and Mrs. T. J. Smith, Frankfort.

Mrs. Thomas Jefferson Smith of Frankfort is the chairman of a promotion committee which will have representatives in every city and rural district in the state. An especial effort will be made to enlist the interest of the basket weavers and needleworkers of the mountains. Only residents of Kentucky are eligible for entry.

For entry blanks and further information address communications to Woman's Shop, State Fair offices, Paul Jones building, Louisville, Ky.

Star "Sidewheelers" to Strive For World's Records at Kentucky State Fair

THIE finest track and fastest performers in the country will make of the trotting and pacing events for the thirteenth annual Kentucky State Fair, Sept. 13-18, the greatest exhibitions of the kind in fair history. The entries for the track program closed June 1, with 140 contestants listed. This number breaks all former records and assures Fair visitors one of the most elaborate as well as high class showings of "sidewheelers" in history.

The entire list is made up of the cream of the cream of trotting and pacing horseflesh, and among the "creams" who will compete for honors and try for world's records will be Hugh Miller, the sensational three-year-old who broke all records last year at the Kentucky State Fair by trotting a half mile in 2:11 1/4. Ham Patterson will also be among those present. He won the \$1,000 trotting stake last year.

Another star will be Ophelia, the

great trotting mare who has already made 2:08 1/2 during the early part of this season. Joe H. has "won his spurs" on the fastest half mile tracks in Ohio and Michigan, and Bonny Boy likewise has proved his class on the grand circuit.

The track events will include two colt trotting for two and three year old trotters with a purse of \$500 each. These features are rendered doubly interesting from the fact that there is always a possibility of developing another world's wonder like Ettawah, who made his first appearance as a two-year-old on the Kentucky State Fair track and who has since proved to be the fastest trotter in existence today.

The rules of the National Trotting Association govern the Kentucky State Fair track events. R. J. Bassett of Leitchfield is the member in charge of the Speed Department, and C. R. Van Meter of Lebanon is the Superintendent.

Come to Hardinsburg!

We have the largest graded school in the county.
We have the County High School, nine months.
We have the largest Catholic parochial school in this section.

We are plentifully supplied with churches.
We have electric lights and will have water works in the near future.
We have an up-to-date moving picture house.
We have NO saloons or blind tigers.
We have so much good health that our doctors can hardly make both ends meet.

We have plenty to eat and good homes and a bunch of beautifully located lots on which you can also have good homes. (Address our real estate man, Mr. C. L. Beard, in regard to the lots.)

In fact, if there is anything that we have not got that is needed to make this the most delightful place in the world to live, just come on and help by becoming one of us and we will get it.

A good, plain, common sense community in which to raise your children or to spend the afternoon of life.

The Kingsburys Attend Exposition at Frisco.

Dear Mr. Babbage: Enclosed find one dollar for a year's subscription to The Breckinridge News, beginning with 14th of July. We arrived here the 15th and had a most delightful trip, saw the exposition in Frisco which was grand. My sister, Mildred, and Mrs. Dunn met us. They all look fine. This is a beautiful country and looks very prosperous. We hope to like here, as yet, we have seen very little of Tulare, but it is a clean city and everyone is busy. Best regards to all. Mrs. Allen Kingsbury, 129 W. Tulare St., Tulare, Cal.

Other Cloverport friends have heard from Mr. and Mrs. Kingsbury, saying he had a position, and they are well pleased with their new home.

Construction of said bridge at said sum, and in accordance with aforesaid plans and specifications and the same being submitted to the court, the contract was signed by the East St. Louis Bridge Company and approved by this court, and therupon D. D. Dowell, as county judge, signed the contract for Breckinridge county, and thereupon a bond was required from said bridge company for the faithful performance of the contract and the said bond is to be given and approved by the county judge.

In Re Tar Fork Bridge. Repair, Etc.

At a former term of this court the County Road Engineer was directed to advertise for bids for repairs on Tar Fork bridge on the Bowling Green road, near Cloverport, Ky., pursuant to said order bids were advertised for and the same were received in open court on July 2nd, 1915, according to plans and specifications submitted by the State Department of Roads and Bridges.

The bid of Marion Weatherholt &c. for said repairs at and for the sum of \$381.00 was rejected, and the bid of Yeager, Lewis and Hardin at and for the sum of \$155.00 for said repairs according to plans and specifications was accepted and approved by this court and the contract awarded to the said Yeager, Lewis and Hardin, of Cloverport, Ky.

If it appears in the repairing of said bridge that if other repairs are necessary the contractors herein shall at once notify the County Road Engineer to that effect and he is authorized to further contract for such repairs, if he deems same necessary and he is authorized to pay for same at prices to be agreed upon. The contractors herein are required to give bond for the faithful performance of said contract, and also said bond is to cover any damages that might accrue to the bridge as a whole cause by the work done on said repairing, and the said contractors are hereby required to give bond in the sum of \$2,500.00 to cover any loss that might accrue for the faithful performance of this contract, the same to be approved by the county judge.

In Re Murray Branch Bridge at Cloverport, Repair, Etc.

At a former term of this court the County Road Engineer was directed to advertise for bids for repairs on the Murray Branch bridge at Cloverport, Ky., according to plans and specifications furnished by the State Department of Roads and Bridges, and on July 2nd, 1915, bids were received and opened for said work.

The bid of Yeager, Lewis and Hardin, and also the bid of Marion Weatherholt &c. were rejected by the court, and the bid of B. M. Elkins, of Hardinsburg, Ky., for said work was accepted by the court, at and for the sum of \$129.90, and the contract was awarded to the said B. M. Elkins at the aforesaid price.

If it appears in the repairing of said bridge that other repairs are necessary, the contractor herein shall at once notify the County Road Engineer to that effect and he is authorized to further contract for such repairs, if he deems same necessary, and is authorized to pay for same at prices to be agreed upon.

The contractor herein is required to give bond for the faithful performance of his duty in performing this contract in a sum to be approved by the county judge.

In Re Purchasing Road Roller For Breckinridge County.

On motion of Esq. D. C. Heron, seconded by Esq. C. E. Robbins, it is ordered that the County Road Engineer, W. W. Baxter and D. C. Heron be appointed as a committee to investigate the price of Road Rollers, and they as a committee will report to this court at some future term of this court their acts herein, and the County Road Engineer is ordered and directed to advertise for bids for a ten ton roller and said bids when received are to be submitted to this court for their rejection or approval.

This day came the County Road Engineer and reported that the condition of the Clover Creek Church bridge and the Clifton Mills bridge are both in need of repairing. It is hereby ordered by the court that the said County Road Engineer proceed to repair said bridges as appears to him necessary for the safety of the traveling public.

On motion duly made, seconded and carried, it is ordered that D. D. Dowell, County Judge of Breckinridge county, be and he is hereby appointed a committee of one, to purchase the revised copy of the Kentucky Statutes for the County Attorney and the county clerk's office, same to be paid for out of the General Expense Fund of the levy of 1915.

BACKACHE IS A WARNING

Cloverport People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years Read Cloverport testimony.

J. B. Strong, farmer, Cloverport, says: "I had trouble from weak kidneys, together with pains across the small of my back and through my sides. Doan's Kidney Pills quickly cured me and in return, I highly recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Strong had. Foster Milburn Co., Props., Buffalo, N. Y.

WARSAW EXODUS WITHOUT PANIC

Residents Fled to Moscow In Orderly Manner.

MAJORITY WISHED TO STAY

Russian Government Gave Free Railroad Transportation to All Who Wanted to Leave, but Only 15 Per Cent Took Advantage of the Offer. Retirement Carefully Planned.

Hundreds of refugees from Warsaw are arriving at Moscow daily. Most of them are without money or means of sustenance and are seeking aid at the American consulate, where an enlarged staff is attempting to supply temporary assistance pending the organization of a Russian relief commission.

The refugees state that, although the population of the Polish capital was convinced that the Germans ultimately would occupy the city, a majority of the citizens elected to remain, only approximately 15 per cent having departed. This accounts for the comparative order and the absence of panic which accompanied the exodus.

When German occupation seemed imminent, the government issued an order that third class tickets to any point in the interior of Russia should be given free to all citizens desiring to depart. The only condition attached by the authorities was that residents so leaving would not be allowed to return without a special permit.

Residents Feared Famine.

Those choosing the alternative of departure foresaw that Warsaw would be visited with conditions similar to those imposed on Lodz and that the town would be cut off from the interior of Russia, whence all provisions were obtainable, and that Warsaw would suffer from famine.

The refugees compare the orderly and systematic abandonment of the city with the panic caused by the first German approach last October, when an attempt of the city officials, institutions and private citizens to all bolt at once resulted in indescribable confusion.

The retirement this time was so carefully planned and so systematically executed that it went off like clockwork, and an onlooker received the impression that a no more extraordinary phenomenon was occurring than the ordinary summer exodus. Sufficient extra trains had been provided so that traveling conditions on the whole differed little from normal.

Provision Tickets Unnecessary.

An unusual feature of the present abandonment of the city was the fact that provision tickets were made unnecessary.

The bulk of the refugees traveled on foot or with wagons along the highways. Most of the refugees were unable to proceed southward to Kiev and, finding the railway to Vilna monopolized for military purposes, they took the line to the east, temporarily crowding Moscow, Vladova and Brest-Litovsk. Many of these lost their homes in the outlying portions of Warsaw, the destruction of which became a military necessity.

All the territory immediately to the west of Warsaw, containing large factories, Polish estates and peasant dwellings, now present blackened and uninhabitable areas.

Care had been taken that no suburban factories should fall into the hands of the Germans and be converted to their use. Chief among those destroyed was the \$1,000,000 sugar factory belonging to a Polish lawyer, Eugene Karunk, with more than 2,000 tons of sugar.

The factories in the city itself, although abandoned, had not yet been destroyed when the refugees left the capital.

SOLDIERS SMITTEN BY BEES.

Thinking They Have Been Struck by Spells, They Fall.

The Third regiment, Kentucky national guard, met a decisive defeat in the battle of Hoo Harbor, the attacking army being made up of the First and Second regiments. The defeat was brought about by the use of automobiles by members of the Louisville regiment, who reached the front before the Third realized that the machines contained soldiers.

During the battle several of the soldiers thought that they had been hit by shells and fell to the ground. Members of the hospital corps examined the wounds and discovered that the men had been stung byumblebees.

BORROWED A MALLET.

And Went Over to the Enemy's Trenches For It.

One of our men in the trenches, says a London paper, was ordered to hammer in a post which supported some wire entanglements and had become loosened. Finding that there was no hammer, the man coolly walked across to the nearest trench of the enemy and asked to be lent a hammer or mallet.

Evidently surprised and pleased at the courage of the man, one of the German soldiers handed him a mallet, and the post having been straightened and fixed, the man walked back to the German trench, returned the mallet and calmly rejoined his companions.

ANNUAL MEETING OF AMERICAN PLOWMEN

National Farmers' Union Renders Unselfish Service to Agriculture.

By Peter Radford.

The National Farmers' Union will hold its annual convention in Lincoln Nebraska, on September seventh, and will round out the eleventh year of its activities in the interest of the American plowman. When that convention is called to order every farmer in America should pause and bow his head in honor of the men gathered there to render a patriotic and unselfish service to agriculture. That organization, born in the cotton fields of Texas, has grown until geographically it covers almost the whole of the United States and economically it deals with every question in which the welfare of the men who bore their backs to the summer sun are involved. It has battled for a better marketing system, rural credits, cheap money, diversification, scientific production, agricultural legislation and has carried on its work of education and co-operation in season and out.

The Farmers' Educational and Cooperative Union of America brings before every farmer in this nation, without organization the farmers can neither help themselves nor be helped by others and through organization and systematic effort all things are possible.

The farmers of the United States contribute more and get less from business than any other class of business. They have better securities and pay a higher rate of interest than any other line of industry. They market more products and have less to say in fixing the price than any other business and they get more political bungling and less constructive legislation than any other class of people.

The farmers compare the orderly and systematic abandonment of the city with the panic caused by the first German approach last October, when an attempt of the city officials, institutions and private citizens to all bolt at once resulted in indescribable confusion.

The retirement this time was so carefully planned and so systematically executed that it went off like clockwork, and an onlooker received the impression that a no more extraordinary phenomenon was occurring than the ordinary summer exodus. Sufficient extra trains had been provided so that traveling conditions on the whole differed little from normal.

The factors in the city itself, although abandoned, had not yet been destroyed when the refugees left the capital.

Letter From Home Man.

Dear Mr. Babbage:

Enclosed please find check for \$1.00 for which please send The Breckenridge News to me at this address for one year.

Possibly you would like to hear something about this little city of fifty thousand people. First, we have the largest factory in the world, except the Baldwin and Krupp factories. It is the Buick Motor Company, and is the largest automobile factory in the world. It has an annual output of 40,000 cars, and when you add to this 15,000 "Chevrolet" cars, 5,000 "Monroe," 5,000 "Dort" and 5,000 "Paterson," you will see there are 70,000 automobiles made in this little city every year, or about 235 every working day. In numbers this doesn't compare with the 300,000 made by Ford last year, but if you will run one of any of the above named cars up by the side of a "Ford" you will understand why the annual output of the Buick Motor Company exceeds by several million dollars that of the Ford Company. The Buick factories here could employ every man in Breckinridge county and then be short about 3,500 men. But I am not boasting for the Buick and am not boasting their ears. The Chevrolet "Baby Grand" has them all skinned a block and we could sell ten times as many of them as we are able to make.

We are getting along fine here, but would like to see all the people down there. The Cunningham boys are here with us and we go fishing every Saturday. The country is full of lakes and the lakes are full of fish, and it is great sport to fish when you can catch fish. Mrs. Jolly and the boys join me in best regards to you all.

Very truly yours,
L. H. JOLLY,
